"A review of your city"

My name is (Ali) and I live in Damietta, which is between Port Said and Mansura . Damietta is beautiful. There are attractive buildings . Damietta is famous for its beautiful furniture. It is also famous for its dairies and sweet There isn't a lot of traffic so there isn't pollution. There are lots of things to do here. On Friday afternoons, I often go fishing with my family. Damietta has a beautiful resort called Ras el Bar which has wonderful beaches. On Tuesday I have football lessons at the sports centre at 8 am. Sometimes I go swimming in the afternoon with my friends. To conclude, I advise all people who want to have fun and enjoy their time to visit Damietta . You will never get bored !

"A review of an interesting job

You can see many people with different jobs around you. You can see doctors, engineers, teachers, cleaners, etc. I want to write about an interesting job I like. It is my brother's job. He is a teacher of English. He always says that his job is very interesting. He enjoys being with his students. They all love him so much. They say he is an excellent teacher. My brother starts his job before he got married. He is still working at a school for girls. All the student respect him very much. He always encourages the students to do well. My dream is to be a teacher like my brother.

" Travelling by train"

I love travelling by train because it's interesting to look out of the window. I take the train when I visit my grandparents in Aswan. In one journey, you can see ferries crossing the Nile, green valleys, peaceful villages and busy cities. Trains are often fast and comfortable, too. Egypt has the oldest railway in Africa. More than 800 million passengers travel by train in Egypt every year on 5,000 kilometers of railway! They love it. Some people don't like trains because they are noisy and they get sick. But I think that the train is the most useful form of transport and the ticket price is really good.

"A review about shopping online

We all know that shopping online is very useful because it has many advantages. It saves time and money. You buy what you want without moving. However, my opinion about that changed when I decided to buy a present online I visited websites for electronics until I found this website. I ordered a toaster as a present for my mother on her birthday. The website said the delivery would be in two days, but the delivery arrived in two weeks. I opened the box and put it in the kitchen. It looked great and good, but when I plugged it in, it made smoke then a fire. That was terrible. At once I called them and asked them, I want to send it back. They were kind and they were sorry. After two days, a new toaster arrived. It was really great in the kitchen. My mum was very happy with it.

"A review on things that I have achieved.

It is said that situations are the best teacher. When I was young, I had a dream to be the best student in English because I love my English teacher and he always encourages me. After school, I always saved my pocket money to buy English books of higher levels than I'm in. I always read these books, wrote my notes and talked to myself in English. I've learnt all about grammar, vocabulary and writing paragraphs. My class teacher asked me to talk in English in the morning school broadcasting. All my friends admired me and told me that I'm the best at English. I've decided to be an English teacher when I grow up.

"A biography of Samar Abdelafatah "

"A biography of an astronaut"

Samar Abdelfattah has always been interested in space. As a young child, she wanted to be an astronaut. After she finished school, she went to Cairo University to study space engineering. While Samar was at university, a space technology company had a competition. Students had to design a hyperloop: a new, very fast form of transport that travels above the ground. Samar decided to enter the competition and asked other engineering students from the university to join her team. Samar travelled to the USA to receive the award. Three years later, Samar started her own company. Now she is a space engineer and a business person. She also gives speeches to other young engineers to help them

A biography of

Sports man / role model / famous person

Mohamed Salah is the person who I admire most. He was born in a village in Gharbia. He is polite and hardworking. He has played for many teams. He also plays for the Egyptian National Team. He scored many goals for our team. He played for Roma Team. Now, he plays for Liverpool in England and scored many goals. Liverpool is a very good team. I like the way by which they play. Players are so active and present great shows and good results. This happened after Salah's joining to them. Salah added much speed to the team. Salah has got a lot of important awards in Africa and Europe.

"A review of social media

We all agree that technology is very important in our life. It has made life easier. An important type of modern technology is the social media and its role in our life. We can get the local and the global news almost at no time thanks to social media. It is also a comfortable way to communicate with each other either on the local level or the world-wide level. If one of our relatives succeeded, the first thing that tells us this piece of news is the social media. But social media can waste our time if we became addicted to it. If we are not careful, we may go with it to distant areas that return to us with negative sides.

The Decent Life Initiative

The Decent Life Initiative is an exciting plan that is really making a difference to about 32 million people who live in rural areas in Egypt. The initiative aims to improve the quality of public services. It provides more health care, better education and better job opportunities. Since 2019, the Decent Life Initiative has helped people in 377 villages to have clean water. It has also helped to repair their houses and it has sent doctors to the villages to deliver medicine and help people who are ill. It has also improved facilities for disabled people, and is helping more children to have a better education by building schools in the villages. The Decent Life Initiative will continue to help people in poor neighbourhoods around the country. That really is an amazing plan!

Helping people in your community

I think our community is a part of our life and it is a must to cooperate for it and for solving the problems it suffers from. At my school, there are some students who have disabilities at different parts of their bodies. Some can't move, while others can't see well. I thought and thought about them and at last I had an idea for helping them. I went to the school headmaster and suggested a way to lighten the burdens of them and their parents for coming at school. I suggested all students in all classes at school should donate money for building a special area for them and making special roads without stairs for them. The headmaster welcomed my idea and thanked me and promised that he will work for it. Isn't that a small help for our community?

Short Story

A story you read

My favourite story is Alice's adventures in Wonderland. It's a children's story by Lewis Carroll. He wrote it in 1865. Alice is the main character of the story. She is a clever girl. She's also sensible. She goes to Wonderland and meets a lot of interesting characters there. She meets the White Rabbit who is always busy and in a hurry. The Cheshire Cat is a funny animal. He has got a big smile and he is very friendly. He tells Alice about Wonderland and helps her to find different places and characters. The Queen of Hearts is not very nice. She is a scary person. She is always angry and she shouts at people. Alice is brave, so she is not frightened of her. At the end of the story, all the characters help Alice so she can go home again. I learned from this story that friendship is very important for us.

Ways to relax

Today's life is full of worries and stress. Between work, family, and study, it can be hard to make time for yourself. But it's important to find the time. Relaxing can help keep both your body and mind healthy. It helps you forget about the everyday problems that you face. Try to find ways to relax. This is good for your mental health. It's important to be friends with good people. You should meet up with them from time to time. You can join a sports club and practise a sport. This helps you to relax, too. You can go on holiday away from hard work from time to time. It is advisable to relax and enjoy your life.

Leisure and sports facilities in your town

We have many leisure and sports facilities in my town. We all love our Town Club. It is really wide and it has got many courts where we can play. My friends and I like going there every Monday. We usually play handball. My sister and her friends usually play basketball there. My dad sometimes joins the reading club every Friday. We also love our Town Park. It is full of wonderful trees and long benches. My family and I like spending time there. It is a nice place where we can have fresh air. My friends and I sometimes play chess there.
